

## 2011-2012 Motor Rebate

### ***Instructions for completing the NE&C EC MOTOR Rebate Worksheet***

**General Note:**

1. The Motor Rebate application is for Electronically Commutated Motors (ECM's)
2. The rebate, in conjunction with all other sources of funding, cannot exceed the total project cost.

**Eligibility Requirements:**

1. ECM's on new fan powered terminal boxes, fan coils or HVAC Supply Fans on small unitary equipment are eligible for this rebate. ECM's for other equipment such as refrigerated cases, etc. may be eligible under the NE&C Custom Program
2. This program covers ECM's which are efficient fractional HP motors.
3. Motor must operate at least 2000 hours per year to be eligible for rebates.
4. The rebate offer is not valid unless signed and dated by the Utility Representative. The Customer accepts the Utilities rebate offer and agrees to the Terms and Conditions of the Utility by signing in the pre-approval offer block.

**Pre-Installation:**

1. Review eligibility requirements.
2. Review specifications for the proposed equipment to confirm it meets the minimum efficiency requirements.

NE&C ELECTRONICALLY COMMUTATED MOTOR REBATE								
Item	Manufacturer & Model Information	Location	Equipment ID	Motor Amps - Watts	Annual Operating Hours	Rebate (\$)	Quantity of Motors	Total Rebate (\$)
<i>Ex.</i>	<i>GE Model EC 123</i>	<i>Conference Room A</i>	<i>Terminal Box #1</i>	<i>.93 / 56</i>	<i>5,270</i>	<i>\$150</i>	<i>2</i>	<i>\$300</i>
<b>TOTAL</b>								

**Post Installation:**

Utility Representative must verify that:

1. The motor has been installed and operable or that the customer has purchased the motor for stock.
2. The motor matches the information on the rebate application. If any motor has changed from what was approved for the initial rebate offer, the substituted equipment specifications must be submitted and reviewed by the utility to verify compliance with technical requirements and approved by the Utility before a rebate is considered.
3. Proof of Purchase has been submitted. This includes invoice(s) indicating the size, type, manufacturer, model or part number, purchase date, and vendor of the efficient equipment. Other forms of payment such as AIA Certificates of Payment may also be acceptable.
